### Aim and planned outcomes of the project

**The name of the project:** Skills Plus Portal for Leadership (SPPL)

**The main aim:** support and deliver soft skills excellence to the university staff and students, and maintain the concept of Skills Plus Portal for their leadership development.

**Planned outcomes:**

1. Development of the conceptual and informational background for SPPL: analysis of the UK experience in realization of universities' role in soft skills development for leadership; create the Programme Development Framework; define the role of the university library as an area for learning and development.
2. Creating the infrastructure for: SPPL at the university library; ongoing delivery of skills plus modules; effective usage of the university network and library resources; making space for the future leaders and constructive teams meeting, debating and socialization.
3. Building methodological and learning environment for supporting and training soft skills in the future leaders.
4. Skills sessions holding.
5. Constructing on-going learning hub for the soft skills training sessions in M. Maksymovych scientific library of TSNUK.

### The expectations from the cooperation with the UK university

Support of hands-on workshops, mentoring, and interactive dialogues, which could help to guide university team in developing soft skills modules, on-line skills programmes and Cabinet Office's Customer Service in M. Maksymovych Scientific Library.

Group the university team with UK peers who have similar experience of work for the NU Skills Plus Portal.

Brush English Language proficiency of the University managing staff, lecturers/coaches and students-leaders who participates in the programme of the soft skills development.
