

English courses
Age 6–17

Welcome to the new learning hub – ‘how to’ guide

The British Council difference

Our promise to you

Expertly designed English courses for children aged 2 to 17, setting them up for the future

Our highly trained specialist teachers help children to express themselves in English with confidence, building life skills for their future

Immersive lessons combined with interactive guided learning on the learning hub that is set by our expert teachers to bring out the best in your child

**Your child's learning adventure continues with the British Council
– where happy learners make confident speakers**

How your child's learning experience works

Before

Activities, quizzes and games to do before and after class to build reading, listening and vocabulary skills on the learning hub

At home

In class

More time to communicate with your teacher and classmates, practise grammar and receive more personalised feedback from your teacher

During

Our improved approach gives learners a better sense of progress

After

Reflect and review, track progress, identify areas for improvement and celebrate success

After class

Getting started

Step 1

We recommend that you use the most recent version of Google Chrome.

Also, we recommend your child uses a laptop or a PC for an optimal learning experience.

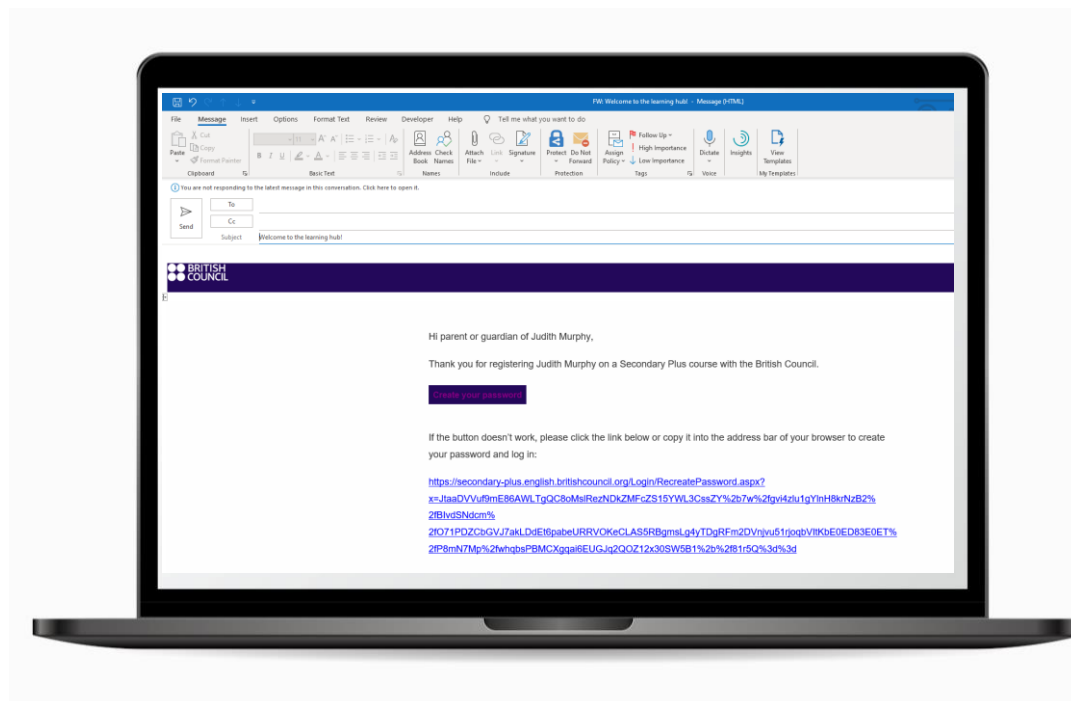

How to set up your child's account

Step 2

You will receive a 'Welcome to the learning hub' email inviting you to set up your child's account.

Click the button or link to create a password

Please keep this email for future reference

How to create your password

Step 3

Create your password.

We recommend that you choose something memorable to you and your child.

The laptop screen displays a 'Create new password' form. The form includes the title 'Create new password', a list of requirements, two input fields for password confirmation, and 'Submit' and 'Cancel' buttons.

Create new password

The new password must match the following requirements:

- password must contain at least 8 characters
- password must contain mixed case

Password:

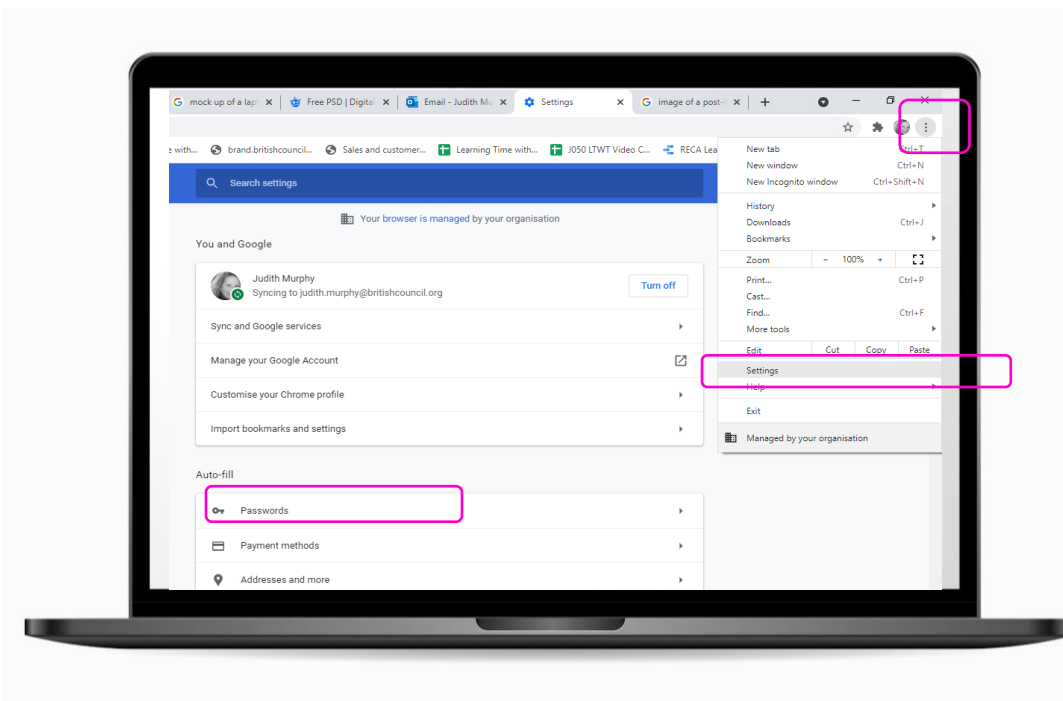

Same password again:

Tips to help your child remember the password

Step 4

To minimise disruption to your child's learning experience, we recommend that you automatically save your password.

On Google Chrome you can do this by clicking the 3 dots on the top right > Settings > Passwords > Select 'offer to save passwords'

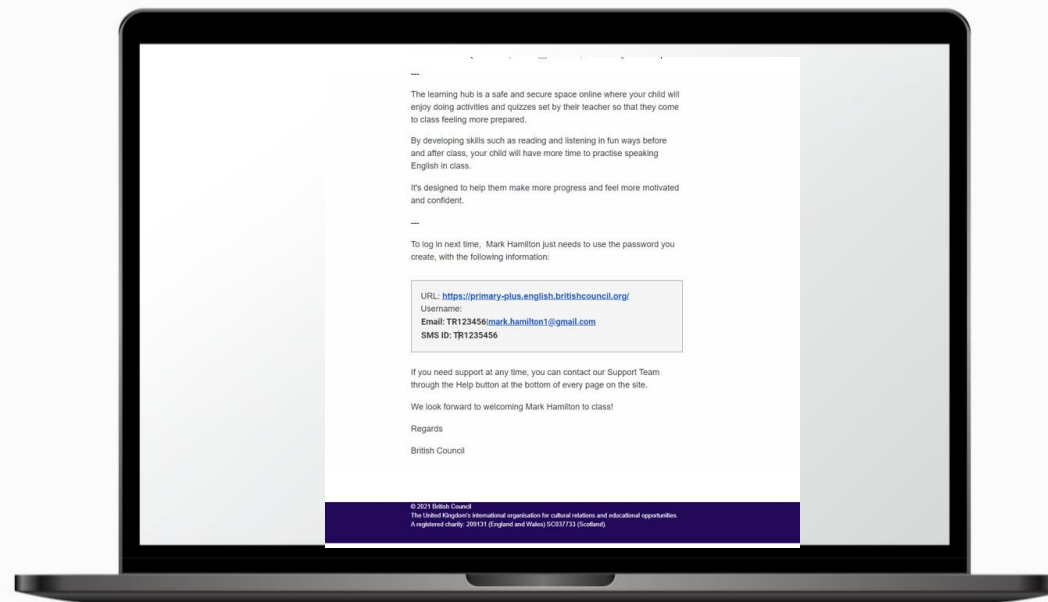

Where to find information to log into your child's learning hub account

Step 5

At the bottom of the 'Welcome to the learning hub' email you will find log in information :

1. the web address
2. your child's username (Student ID)
3. please use with the password you created

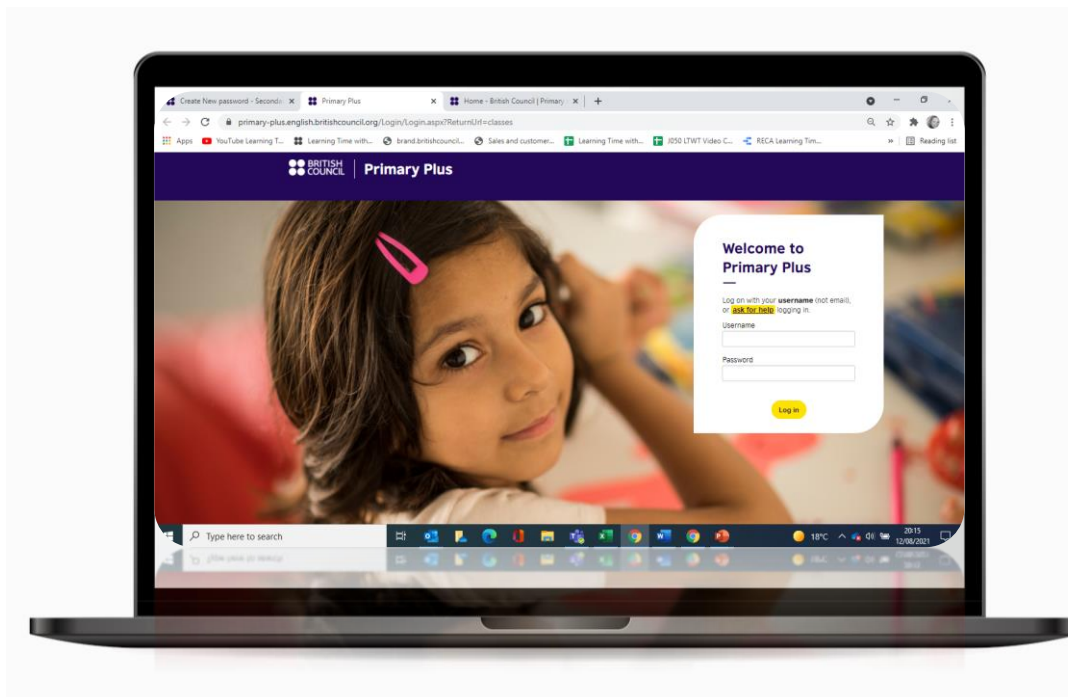

How to log into your child's Primary Plus learning hub

Step 6

Log into the Primary Plus learning hub by entering:

1. your child's username (Student ID)
2. the password you created

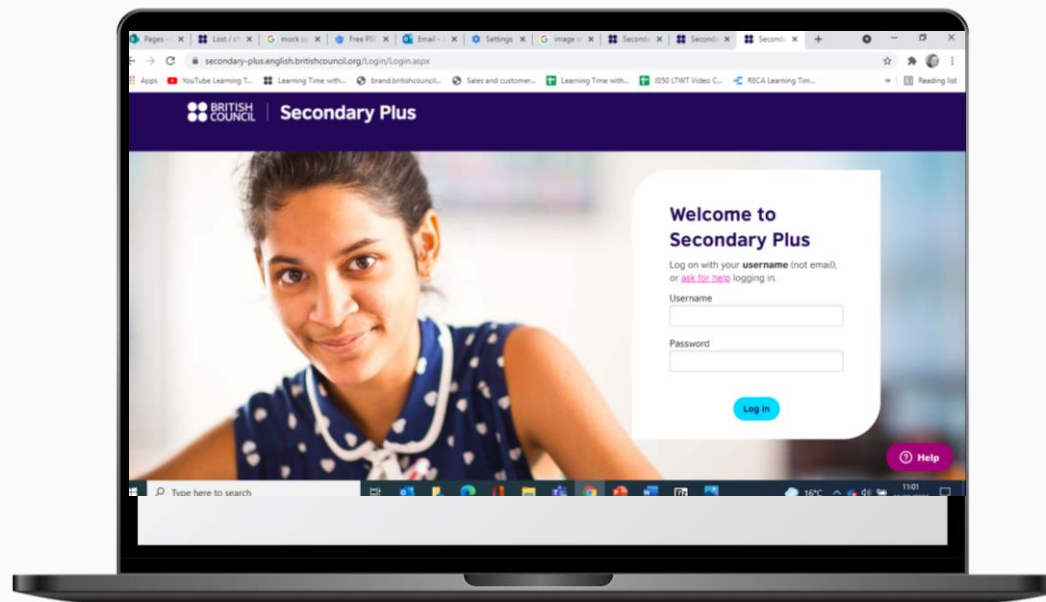

How to log into your child's Secondary Plus learning hub

Step 6

Log into the Secondary Plus learning hub by entering:

1. your child's username (Student ID)
2. the password you created

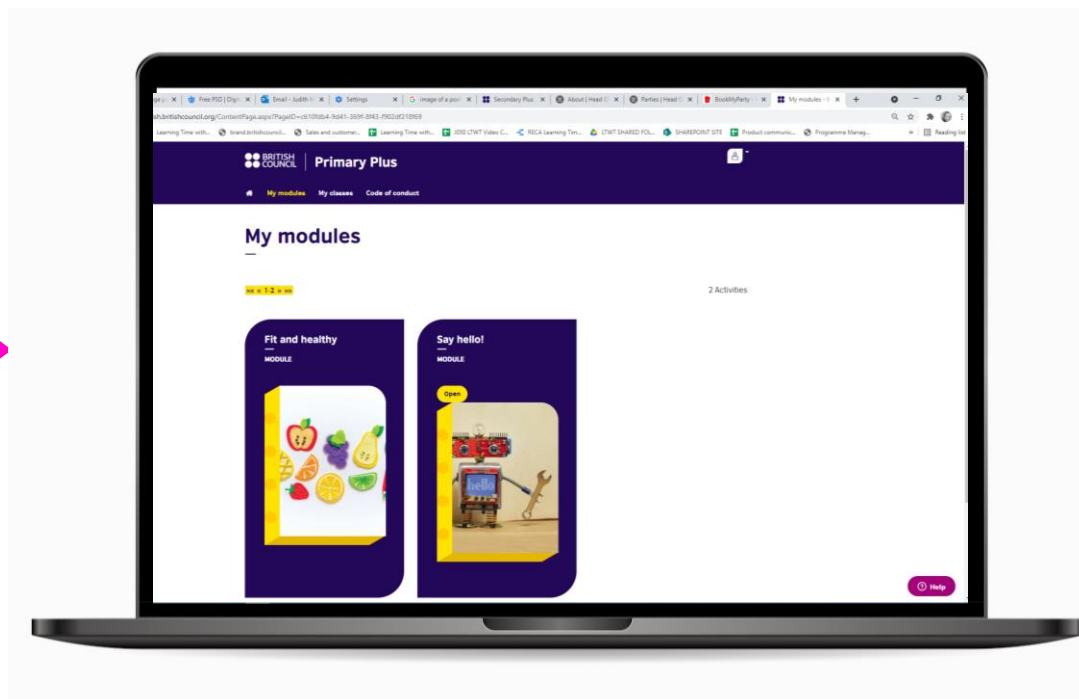

How to select your current module

Step 7

In 'My modules', you will find your child's learning activities. Click on their current module to find activities.

This example is Primary Plus

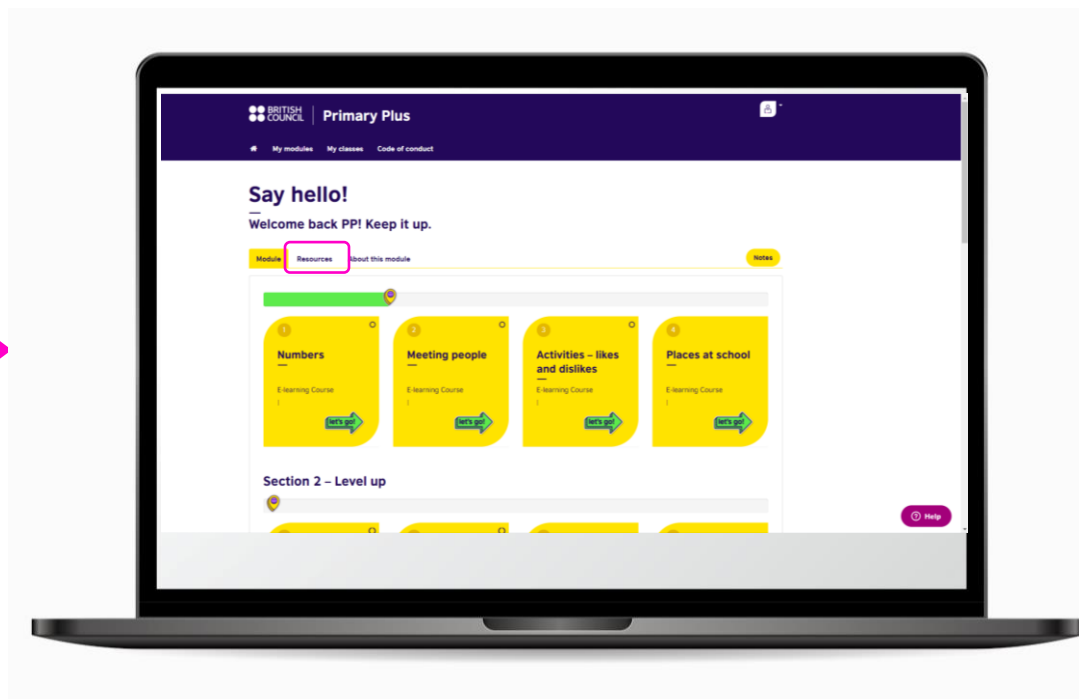

How to find learning activities set by your child's teacher

Step 8

Your child's teacher will set activities for your child to do in preparation for the next class.

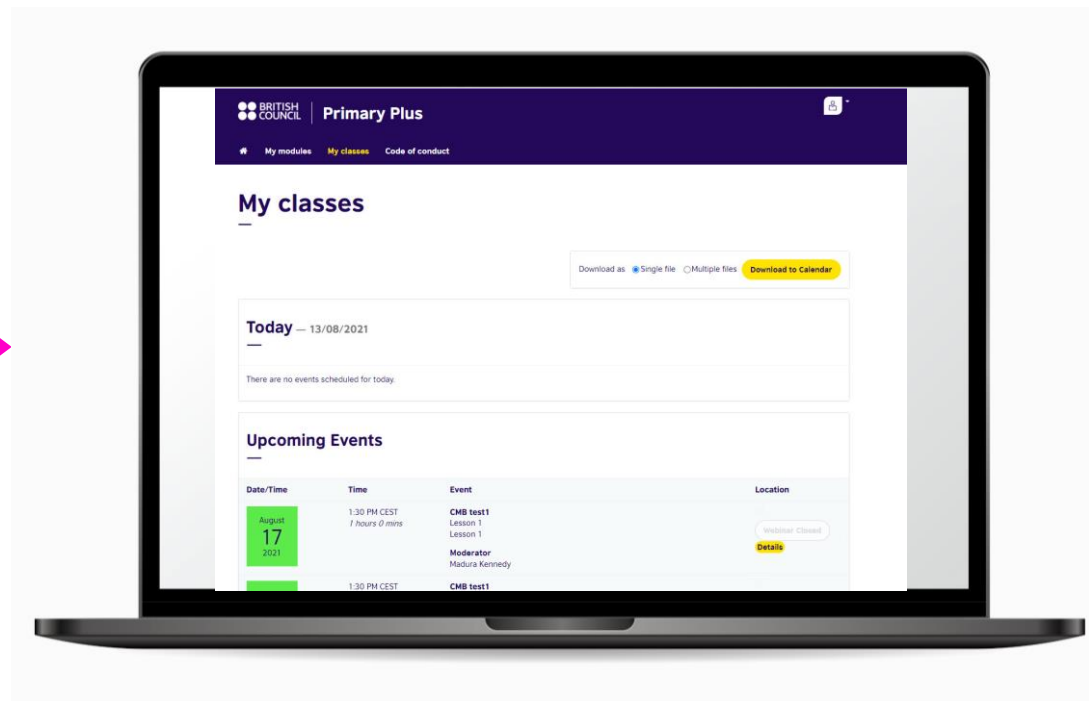

Find your child's magazine in the 'Resources' section.

How to join virtual classes

Step 9

In 'My classes', you will find details of how to join virtual classes

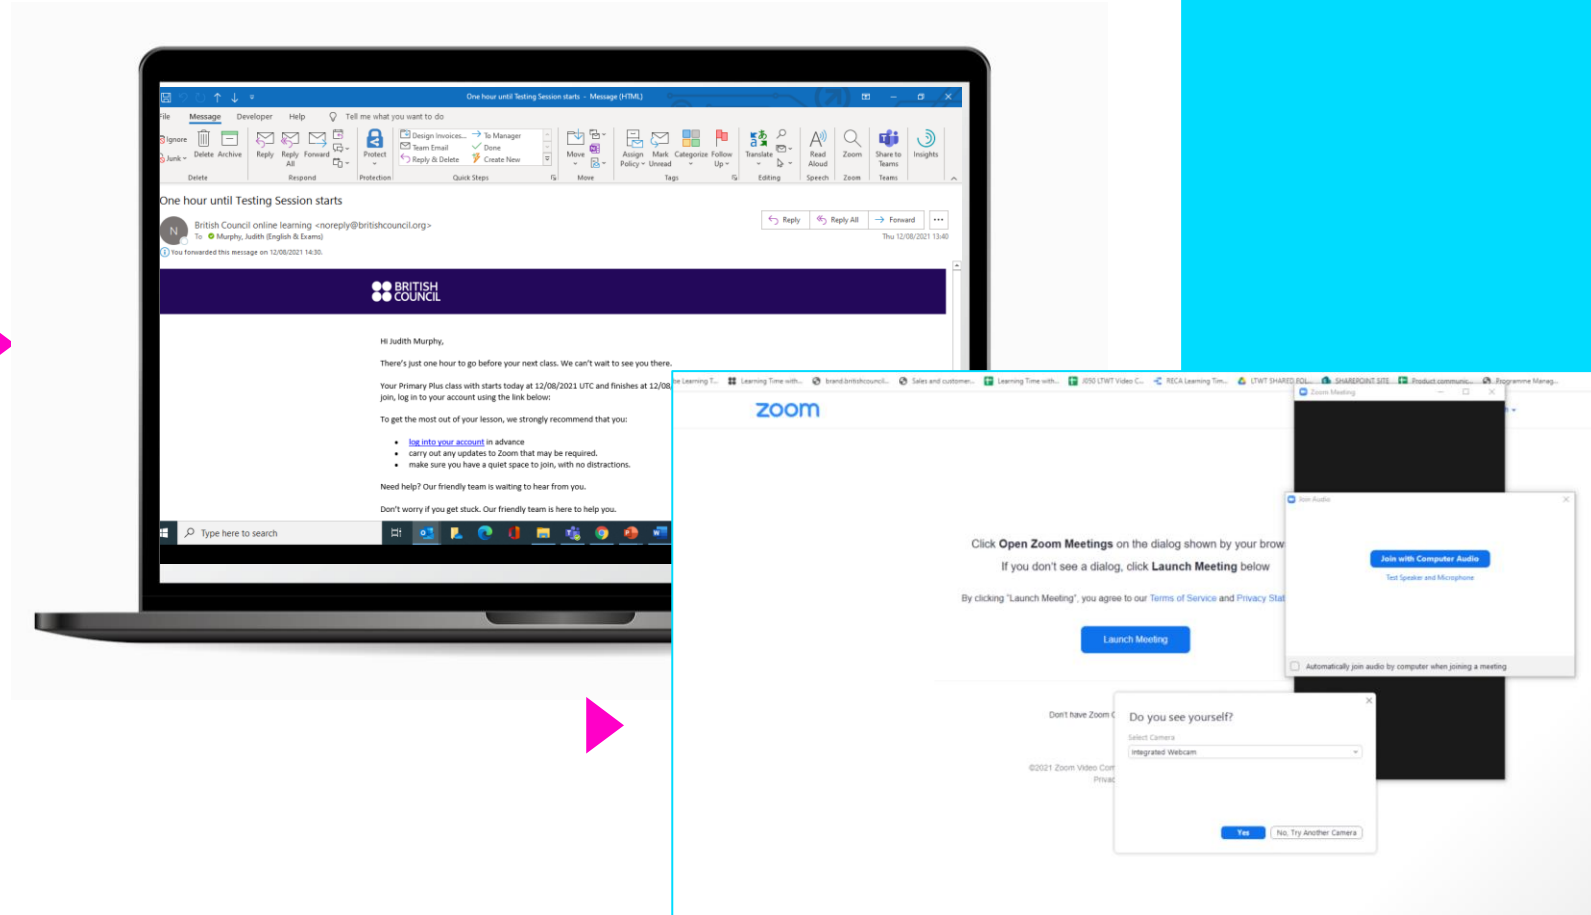

Before virtual classes...

Step 10

Follow the steps in the email you receive before class

- ✓ Make sure your child has logged in in advance
- ✓ Check your internet connection
- ✓ Ensure your child is in a quiet place with no distractions
- ✓ Check your tech using <http://zoom.us/test>

Getting help

www.britishcouncil.org

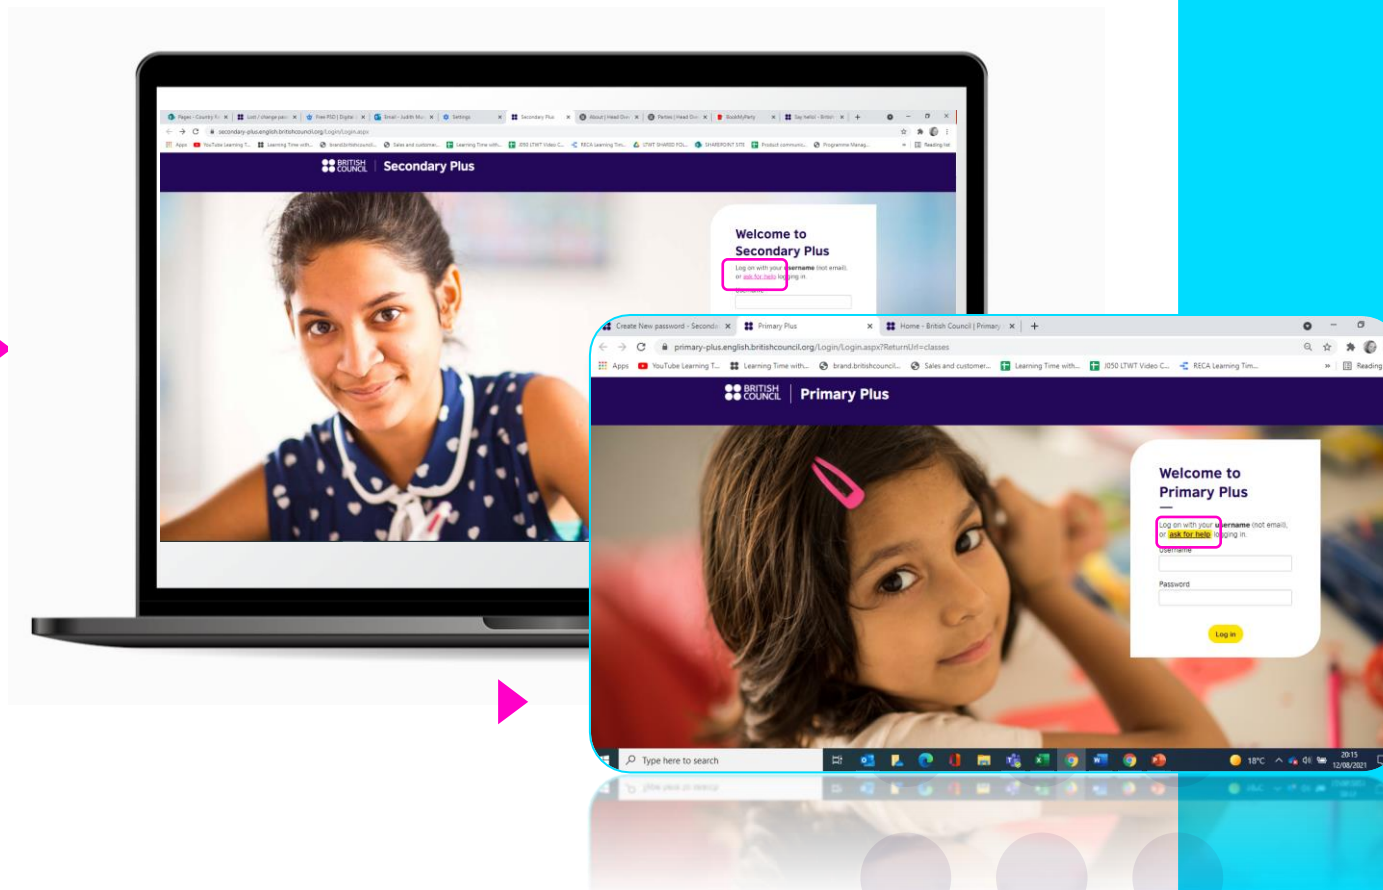

If you forget your password...

From your child's learning hub
home page

Primary Plus or Secondary Plus

Click 'ask for help'

*Please note that you will need
the information in your
'Welcome to the learning hub'
email*

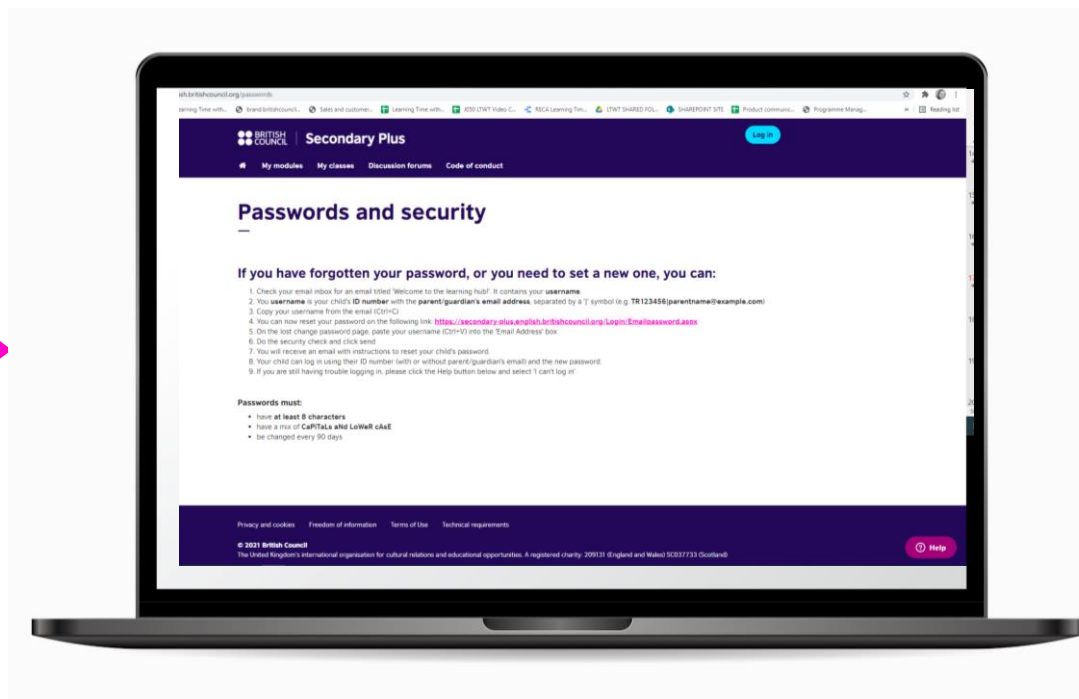

How to re-set your password

Follow the instructions on screen.

We acknowledge that the password re-set is a more complicated process than you may expect.

This is because we take child protection very seriously. Our top priority, like yours, is to keep your child safe online.

If you need help

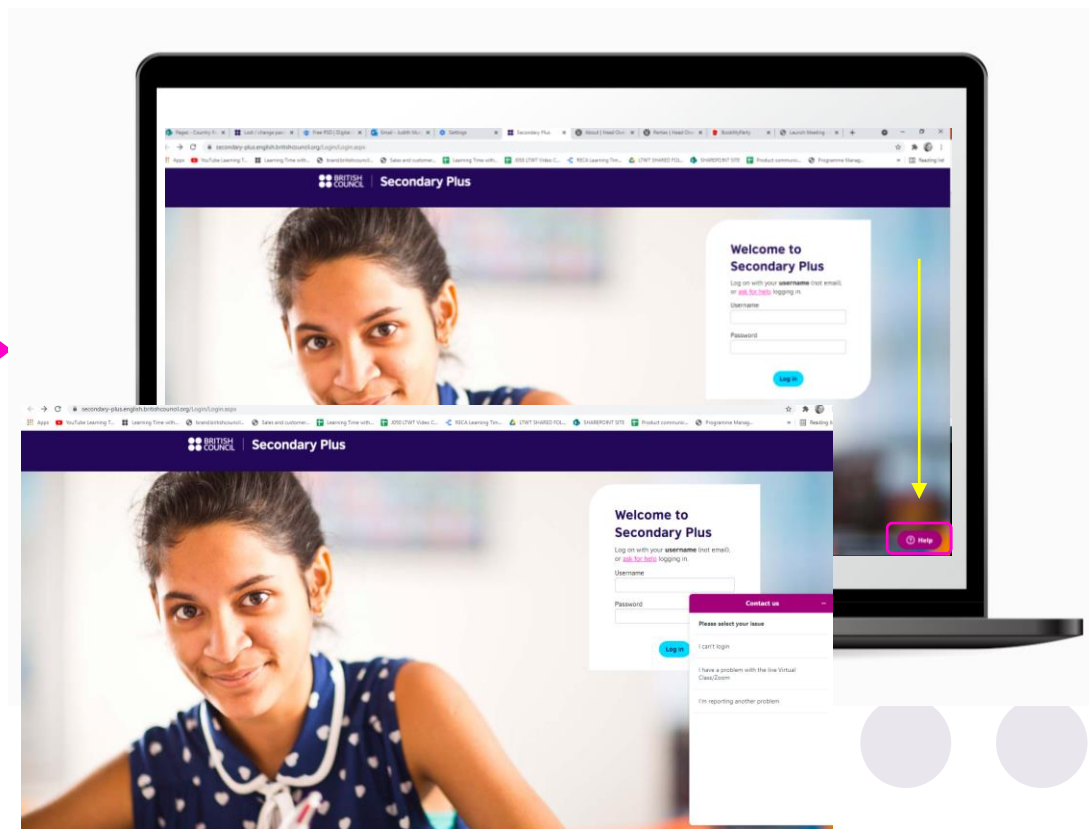

Click the 'Help' button – we have a team at hand to support you

Select the problem you need help with.

Type your email address.

Add a brief description of what is wrong.

Our support team will reply in one minute

If your child needs urgent help and you are not available

We recommend that you encourage your child to call the British Council teaching centre to request support from the Customer Service team:

+38 044 490 56 00
